**Houston Gulf Coast Chapter  
Excellence in Chapter Collaboration**

Through AACN Houston Gulf Coast Chapter's collaboration with our community and other professional organizations, and a commitment to AACN's mission, values and theme of "Rising Together," we have demonstrated an unwavering dedication to enhance the well-being of each other and our community. This year, we strived to strengthen our chapter's connection to our community. Our monthly community outreach programs range from supporting the Houston Food Bank, to Nora's Home for Transplant Patients and Their Families, and Chevron Houston Marathon's major medical area. We also hosted our first blood drive. Our professional collaborations have enabled us to elevate each other and the profession. Along with AACN's West Houston Chapter and the Zeta Pi Chapter of Sigma Theta Tau, we have planned a comprehensive symposium with valuable educational content and a poster session highlighting the hard work of our collective members.
