

July 26, 2021

Ms. Dawn O'Connell
Assistant Secretary for Preparedness and Response
Department of Health and Human Services
200 Independence Avenue SW
Washington, DC 20201

Dear Assistant Secretary O'Connell,

On behalf of the Nursing Community Coalition (NCC), we congratulate you on your confirmation as the Assistant Secretary for Preparedness and Response at the U.S. Department of Health and Human Services (HHS) and welcome the opportunity to meet and discuss shared goals, especially during these unprecedented times. The NCC represents a cross section of education, practice, research, and regulation within the nursing profession and believes that the healthcare delivery system should be one that promotes wellness, advances research through scientific discovery, and provides timely access to care across the life continuum. We are proud to continue our work with HHS, especially as nurses, Advanced Practice Registered Nurses (APRNs)¹, nursing students, and nurse leaders represent the largest segment of the healthcare workforce.

During the ongoing COVID-19 pandemic, as with every public health crisis this country has faced, nurses and APRNs are the experts leading at the frontlines of the healthcare response. The work you have accomplished in addressing global health, infectious diseases, and public health emergencies, exemplifies your expertise as we continue to address the ongoing pandemic and prepare for the challenges yet to come. We recognize that that our students, nurses, and APRNs are an integral link to the future health of our nation, no matter if it is in remote rural areas or large urban cities. As we continue to address the safety and well-being of our frontline healthcare workforce, and the patients they serve, we stand ready to work with you to remove barriers to practice, encourage innovation, and prepare for future public health challenges.

The unique partnership the NCC has created allows our national nursing organizations to unite on shared priorities and promote America's health through the nursing lens. If the Nursing Community Coalition can be of any assistance to you or your staff, and to set up a meeting to discuss shared goals, please do not hesitate to contact the coalition's Executive Director, Rachel Stevenson, at rstevenson@thenursingcommunity.org or at 202-463-6930, ext. 271.

¹ APRNs include certified nurse-midwives (CNMs), certified registered nurse anesthetists (CRNAs), clinical nurse specialists (CNSs) and nurse practitioners (NPs).
